Special Disclaimer: The information contained on this site is intended to provide only general education about orthopedics and conditions. It should NOT be regarded as diagnostic, treatment or any other type of specific medical advice to anyone. All of the information provided in and through this website is intended solely for general information and should not be relied upon for any particular diagnosis, treatment, or care. Statements made on this website have not been evaluated by the U.S. Food and Drug Administration or any other government regulatory body. Individuals should always consult a licensed and qualified health care provider for evaluation, diagnosis and treatment recommendations regarding their specific medical problems. Results may vary from person to person.

Information provided on this website does not constitute professional advice. This information is only providing general education and should not be considered treatment, diagnostic or specific medical advice. If you have medical questions consult with a qualified and licensed health care provider for evaluation, diagnosis and treatment recommendations.

Individual results may vary from person to person.

The information contained on this Website or provided through this Website has not been evaluated by the Food and Drug Administration.

We do not independently verify, nor do we seek independent verification of comments and statements that may be posted by others in blog or social media posts on this site or affiliated social media sites regarding our website, its products or services. For this reason, if others post "success story" or "best-case" scenario testimonials (as distinguished from subjective opinions), you should assume that their results are NOT typical.

This site is not intended to create an healthcare provider-patient relationship, and no healthcare provider-patient relationship will be created or medical advice given through your use of this site, its services and content. No special relationship or privilege exists between you and this site. You will be representing yourself in any medical matter you undertake as a result of your use of this site, its services and content. This site provides (i) articles, newsletters, and content for informational purposes only. In the process of providing this information, this site is engaged in the publication of information regarding medical issues commonly encountered. This site is not a substitute for the advice of a qualified medical professional. This site does not review any of your answers to questions for sufficiency, provide medical advice, or apply it to your specific requirements.

We provide links to other sites from this website for your convenience. We do not endorse these sites and they are not under our authority. We are not responsible for the information these

linked sites provide or for the use you make of them.

All trademarks, service marks, trade names, trade dress, product names and logos appearing on the site are the property of their respective owners. Any rights not expressly granted herein are reserved.

Accuracy of Information - We make every effort to insure that the information and items listed on our website are up to date and correct. However, the accuracy of the information is NOT guaranteed, and is subject to change without notice. Updated information may not be immediately reflected on this web site. For a number of reasons, delays may occur when posting to the website.

If you have or think you have a medical emergency, call 911 immediately. Do not rely on this Website or electronic communications for immediate, urgent medical needs. This Website is not designed to handle medical emergencies.
